

Forest sámi camp in the Råne River Valley

Traditional sámi camp

NordGuide offers a guided bus safari to a forest Sámi camp in the forests of the Råne River Valley. As a guest here, you are given an insight into Sámi everyday life with stories and tales from past and present. You learn about the reindeer herders' work through the eight seasons in the Sámi year; old and new traditions, craft and ancient ways to live from what nature offers. Lunch will be served in a lávvu tepee, prepared in the traditional way over an open fire.

About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population - 72,000 - while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
