Fishing adventure in the Kvikkjokk fells

NordGuide offers an exclusive fishing adventure, where we travel by helicopter to fantastic fishing waters. The tour takes us to the Kvikkjokk fells, and we spend our time in the pristine alpine forest. Our base camp will be Årrenjarka Mountain Camp. The main activities for this arrangement are fishing for grayling in running water, followed by an afternoon flight up to the high alpine area, where the ice is still on the lakes, for ice-fishing for char. Helicopter sightseeing, a sauna and some exclusive game dishes. An authentic and adventurous experience close to the World Heritage Site Lapponia.

About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population – 72,000 – while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
