

Archipelago safari – Kluntarna

Discover archipelago culture

NordGuide offers you a unique opportunity to visit Luleå Archipelago – the world’s only brackish water archipelago. We set off from Luleå’s south harbour and pass several of the archipelago’s seven hundred isles and islands. We go ashore on Kluntarna Island, where our knowledgeable guides take you on a walk among ancient labyrinths, fantastic stone formations and wonderful vantage points. After the walk we light a campfire and together we prepare a real archipelago lunch with ingredients from the sea depths. This is guaranteed to be a pleasant, exotic and exciting experience in Luleå Archipelago. Try it!

About Swedish Lappland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population - 72,000 - while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
