

5-day snowmobile expedition – coast to fell

Expedition from coast to fell

Come with us on a snowmobile expedition from coast to fell. The trip starts among the 700 islands of Luleå Archipelago, and we make our way across the spectacular pack ice, then through the unending forestlands of Råne River Valley, on towards Gällivare and Dundret Fell. The journey takes us across vast frozen marshlands and lakes. Meet the Sámi people and hear their stories from past and present. Crossing the Arctic Circle, the expedition continues towards the Jokkmokk fells and the border to the World Heritage Site Lapponia. A winter adventure in the land of the Northern Lights.

About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population – 72,000 – while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
