About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population – 72,000 – while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
