

4-day winter safari – from coast to fell

Winter safari

To go with your product launch or business meet, NordGuide offers you a winter expedition from coast to fell. The adventure starts in the coastal town of Luleå followed by transfer to an ice-breaker excursion.

The endless forests in the River Råne Valley invite us to go on a husky expedition and an encounter with forest Sámi culture. Our expedition continues to the mountain world of Kvikkjokk, where a snowmobile excursion, ice-fishing, the Arctic Circle and the Northern lights are on the menu.

About Swedish Lapland

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people, 160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area. We represent 2.8 % of the Swedish population which totals nine million. Norrbotten has 14 local authorities or municipalities. In area, Kiruna is the biggest and Haparanda the smallest. Luleå Municipality has the largest population – 72,000 – while Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in Sweden, Kebnekaise (2,111 m), as well as the deepest lake, Hornavan (226 m). Three of Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite rivers.
